**WE WANT TO LEAD BY  
EXAMPLE AND BE THE  
GREEN VENUE OF CHOICE  
FOR OUR CUSTOMERS**

As a Quaker company, we are committed to being a sustainable business.

We recognise there is a climate emergency and are working towards being carbon neutral. We seek to minimise our impact on the environment and maximise our positive contribution to the communities in which we operate. Our strategic plan lays out an ambitious, long-term vision for becoming a truly sustainable organisation. It is aligned with the United Nations 'Sustainable Development Goals'. We want to lead by example and be the green venue of choice for our customers. We also support Britain Yearly Meeting, the charity of Quakers in Britain, by running its services sustainably and ethically.

To deliver this vision, our strategy provides a framework for action, identifying key areas where we can exert the greatest level of influence and key priorities we must address around energy, responsible procurement, communication and engagement.

Our catering menus are part and parcel of our sustainability ethos, and we intend to provide delicious food which will leave a long lasting memory but not a long lasting impact on our planet.

**Paul Henderson-Grey,**  
CEO of Quiet Company

Hubbub's ethical and environmental credentials make for a perfect and unique partnership. We are regarded as one of London's most sustainable caterers, providing fresh, seasonal and delicious food since 2012.

Our fleet of fully electric vehicles deliver locally-sourced and ethically raised produce day in and day out. We operate a 'zero waste to landfill' policy and all our disposable packaging is fully biodegradable and compostable.

We are totally focused on providing appetising and tasty food, made from the freshest ingredients, served with flair and style.

Picture a plate full of the most delicious ingredients, freshly prepared by the most experienced chefs and beautifully served by the most courteous and well trained waiting staff.

Our team constantly monitors the ingredients we use ensuring that every meal is balanced, nutritious and delicious.

**Tom Frohnofer,**  
Managing Director  
Hubbub Catering

**WE ONLY USE THE BEST  
INGREDIENTS – QUALITY  
WITHOUT COMPROMISE**

# SUSTAINABLE & SAFE EVENTS GUARANTEED

Together with our catering partner Hubbub, we are committed to providing sustainable events.

You can expect the highest standards of sustainability and covid-safety for your events. Friends House is ECOsmart Platinum and Green Meetings Gold accredited, and is a founding member of the Camden Climate Change Alliance.

The venue won the Silver Award for The Sustainability Award and Bronze Award for Best Covid-19 Bounce Back Award at the London Venue and Catering Awards in November 2022. The judges praised our online Covid-19 Resource Centre and our supportive customer service practices during the pandemic.
